(Incorporated in the Cayman Islands with limited liability)

(Stock Code: 8170)

FIRST QUARTERLY RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 31 OCTOBER 2016

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors. Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This announcement, for which the directors (the "Directors") of KSL Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the "GEM Listing Rules") for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

We are principally engaged in the provision of engineering consulting, contracting, project management and interior design and decoration services in Hong Kong with a focus on geotechnical engineering works. Geotechnical engineering is a branch of civil engineering concerned with the study and modification of soil and rocks. The geotechnical engineering works in which we participated as a consultant, contractor and/or project manager included foundation design and construction works for building construction projects, excavations and structural designs for the construction of underground facilities, site formation works and landslip preventive works.

The Group experienced a decrease in revenue and net profit for the three months ended 31 October 2016 compared to the same period last year. The Directors consider that the decrease was mainly due to a decrease in revenue derived from the provision of project management services and from undertaking geotechnical works as contractor as a result of keen competition faced by the Group in obtaining new businesses, which is partially offset by the increase in revenue generated from the provision of interior design services and decoration works since the Group has entered into the interior design and decoration industry during the fourth quarter of the year ended 31 July 2016. The Directors consider that competition in the market has become more intense recently due to the less optimistic outlook of the general economic condition of Hong Kong as well as the slow approval progress of infrastructure projects by the Legislative Council of Hong Kong and the Finance Committee of the Legislative Council of Hong Kong, resulting in more intense competition for private sector projects and no new project was obtained by the Group during the Relevant Period.

The Directors are also cautiously monitoring the overall construction costs with respect to the works undertaken by the Group as contractor which are affected by many factors including, but not limited to different geotechnical engineering circumstances pertaining to the different projects undertaken by the Group; the overall market conditions; costs in the construction industry; and overall economy in Hong Kong.

Going forward, in developing the Group's contracting, interior design services and decoration business, the Directors will continue to seek for opportunities to obtain new projects and carefully evaluate the potential costs and the engineering circumstances pertaining to different potential projects with a view to controlling the Group's overall costs to an acceptable and satisfactory level. From time to time, the Group will consider different business opportunities to increase shareholders' return.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

Our revenue decreased from approximately HK\$35.6 million for the three months ended 31 October 2015 to approximately HK\$17.0 million for the three months ended 31 October 2016, representing a decrease of approximately 52.3%. Such decrease was mainly due to the decrease in the Group's revenue derived from the provision of project management services and from undertaking foundation and related geotechnical works as contractor, as a result of the intense competition faced by the Group which resulted in less business opportunities in such areas being available in the market.

Cost of Sales

Our cost of sales decreased from approximately HK\$23.0 million for the three months ended 31 October 2015 to approximately HK\$9.0 million for the three months ended 31 October 2016, representing a decrease of approximately 60.8%. Such substantial decrease was mainly attributable to the decrease in our subcontracting charges incurred. The Group experienced a substantial decrease in its subcontracting charges incurred during the Relevant Period, which was mainly caused by a significant decrease in the overall construction costs with respect to the works undertaken by the Group as contractor during the three months ended 31 October 2016 as compared to the corresponding period in 2015 due to lack of new projects of geotechnical engineering during the Relevant Period. Since the interior design and decoration business produced a higher gross profit margin, as a result, the Group recorded a higher percentage decrease in its cost of sales than the percentage decrease in its revenue during the Relevant Period, which led to an increase in the Group's gross profit margin from approximately 35.4% for the three months ended 31 October 2015 to approximately 46.9% for the three months ended 31 October 2016.

Gross Profit

Our gross profit decreased from approximately HK\$12.6 million for the three months ended 31 October 2015 to HK\$8.0 million for the three months ended 31 October 2016 respectively, representing a decrease of approximately 36.9%, as a result of the substantial decrease in our revenue as discussed above.

Other Income

Our other income amounted to approximately HK\$333,000 and HK\$410,000 for the three months ended 31 October 2015 and 2016 respectively, representing an increase of approximately 23.1%, which was primarily because of the recognition of profit from disposal of a subsidiary amounted to approximately HK\$404,000 during the Relevant Period, which is offset by the decrease in rental income amounted to approximately HK\$238,000 due to the disposal of the investment properties during the fourth quarter of the year ended 31 July 2016 and the decrease in government grants amounted to approximately HK\$95,000.

Administrative and Other Operating Expenses

Our administrative and other operating expenses amounted to approximately HK\$3.6 million and HK\$4.8 million for the three months ended 31 October 2015 and 2016 respectively, representing a increase of approximately 32.2%. Such increase was primarily due to the increase in staff costs of approximately HK\$602,000, rental expense of approximately HK\$174,000 and depreciation of approximately HK\$177,000, which is mainly due to more staff were recruited and a new office was rented for the interior design and decoration business which was commenced during the fourth quarter of the year ended 31 July 2016.

MANAGEMENT DISCUSSION AND ANALYSIS

Finance Costs

For the three months ended 31 October 2015 and 2016, our finance costs amounted to approximately HK\$2,000 and nil respectively, representing a decrease of approximately 100%. Such decrease was mainly due to the reduction in our interest on finance lease from approximately HK\$2,000 for the three months ended 31 October 2015 to nil as a result of the full repayment of finance lease liabilities in December 2015.

Income Tax Expenses

For the three months ended 31 October 2015 and 2016, our income tax expenses amounted to approximately HK\$1.5 million and HK\$965,000 respectively, representing a decrease of approximately 37.0%. Such decrease was primarily due to the decrease in profit before income tax for the Relevant Period which was mainly caused by the substantial decrease in revenue as discussed above.

Profit for the Period

As a result of the aforesaid and in particular the substantial decrease in revenue as discussed above, our profit and total comprehensive income for the three months ended 31 October 2016 attributable to owners of the Company decreased from approximately HK\$7.8 million for the three months ended 31 October 2015 to approximately HK\$696,000 for the three months ended 31 October 2016, representing a substantial decrease of approximately 91.1%.

Dividend

The Board does not recommend the payment of dividend for the three months ended 31 October 2016.
